I am an Art Director & Motion Designer at Studio Dialog and a freelance Photographer looking to capture meaningful images. With over a decade of interactive, motion, and branding experience, I am consistently searching for new opportunities to fuel my passion. My desire is to bring closer my design and photography disciplines into a more meaningful, human experience.

I have produced interactive and motion work for a number of brands including Rolex, Shaw, Dell, Mercedes-Benz, Hyatt, Albertsons, Pampers, and Kaiser Permanente.
