## senior photos

We want your senior photo experience to be a highlight of your year. Your photos should emanate YOU - your personality, interests and passions. We will work with you to choose a location that says something about you. Bring a few outfits including your favorites, maybe sports paraphernalia, a hobby, an instrument or a pet. We will meet you on-site, wherever you want your photos taken (we have ideas if you need some).

TWO OPTIONS:

\$300 - Includes photo shoot and a CD with 30-40 full resolution images with copyright release. You can order your photos however and wherever you want.

OR

\$300 - Includes photo shoot and \$100 photo credit to order your photos directly through our website. This is a simpler option for you and ensures professional quality prints, artwork or gifts.

## weddings & engagement

Congratulations! No doubt you are searching for the perfect fit with a photographer who can capture your essence on your wedding day, from the smallest detail to the grandeur of the day. You have spent months planning for perfection, and we would love to be there to record the joy, the tears, the beauty and smiles for generations to come.

We are engaged to be married ourselves, so we know the importance of choosing the right vendors for your big day. Donny managed a wedding photography company for several years and focuses on making sure we get all the 'right' photos - the ones that end up in grandma's picture frame. Heather has more of an eye for details, artsy angles and behind the scenes, so she captures more of the 'feel' of the day. Those photos usually end up in the wedding album. We work as a team, and together we cover the whole range from traditional to photo-journalistic! Of course we think this is a match made in heaven!

Please contact us for more information about your investment. We would love to put together a package, including engagement photos, that suits you as well as your budget.

## new babes

There is nothing more precious than a brand new baby. Let us come to your home and capture all the things you love about your new little one... the little fingers, curious big eyes, first smiles, ticklish toes and squishy thighs! They are truly gifts from God and deserve to be treasured.

Sometimes baby photos take awhile, but we will be patient until we get what you want... eyes wide open, the toothless smile or peacefully fast asleep. Black and white or solid colors make great options for mom and dad, and we love babies in their birthday suits!

You know the grandparents are anxiously awaiting MORE photos! They can never have enough, it seems! We will post your photos on our password protected site so that you and anyone you choose can login and order the photos desired. That means you spend less time managing photo orders and more time snuggling with baby!

Most parents like having photos taken the milestones:

- within 2 weeks of birth
- 3 months
- 6 months
- 9 months
- 1 year

\$150 for an individual baby or pregnancy session, whenever you choose.

OR

\$600 for all 5 sessions (save 20%). We will remind you of your next milestone and contact you to schedule an appointment. You won't believe how this first year flies by! Add a pregnancy photo shoot to the package for just \$120.

## families & kids

Your family is the center of your life; everything you do is for them or with them. Don't let time pass too quickly without stopping to reflect on what really matters. For a moment, we'll stop time and record the most treasured part of your life.

\$300 - Full family session, however many adults or kids that includes (even grandparents or pets!). We'll spend 1-2 hours with you, getting it just right.

\$150 - Just the kiddos. This is a smaller shoot just for capturing that precious time that your kid is a kid! This is a great session to bring props: their favorite toy, bubbles, balloons, finger paints, overalls or the princess dress, the pet frog, an heirloom child's rocker or whatever else may have significance at this moment in life. These photos last a lifetime!
