

MALIA BAKER

SVP, GROUP CREATIVE DIRECTOR NYC

New York

Hello. My name is Malia Baker and I am a Group Creative Director, living and working in NYC.

14+ years working in Pharmaceutical Advertising, leading creative teams and specializing in high-caliber creative, launch excellence, and digital-first design innovation. I am passionate about mentorship of my creative team, cultivating diversity of thought and experience, and always pushing the creative boundaries of the highly-regulated pharma industry.

I am inspired by beautifully crafted typography, an intelligently designed interface, collaborating minds, a good love story, and of course the ever-evolving New York City. You'll find me wandering the East Village with my family of M's- husband Mike, our 7 and 2 year-old daughters, Moxie & Maeven, and our new puppy Motley.
