

# Robin Warman

COPYWRITER/CREATIVE DIRECTOR/DIRECTOR

I'm a Copywriter with 15+ years experience. I've worked with many good and nice people including: Airbnb, Apple, Facebook, Google, AT&T, Direct TV, The Guardian, AXE, Vodafone, Audi, KFC... Leaving England in 2015, I moved to the West Coast in search of sunshine and creative opportunity. Since then I've switched from full-time to freelance, and green-card to a shiny new U.S passport. I continue to enjoy working on all kinds of brands, with all kinds of solutions — whatever wrench tightens the nut.
